**SUBJECT.**

Proposal of the Kappa VP to levy an optional tax at the rate of Re 1 on every rupee of the compulsory tax now levied by the VP.

Sc (14)

In the Revenue
Letter 8375 of 22. 5. 32.
Sanctioning the

SO 16.6.32

Pressure on Mounds: —

(Centre wall.)

Centre wall, tank full

Ironwork:— Sheets ..... 7000 lbs:
L's 621 "
Rivets 381 "
R. S. Beams 960 "
8962 "
800 c.f. water @ 62.5 lbs: = 50000 "
58962 "

Of this the centre wall carries half, and the end wall 1/4 each. —

1/2 weight of full tank = 29481 lbs
241 c.f. masonry @ 150 lbs: = 36150 "
65 c.f. concrete @ 120 = 7800 "
73431 "

Area of base = 65 s.ft:
pressure per ft: = $\frac{73431}{65}$ = 1130 lbs:
= .5 tons.

End wall:—

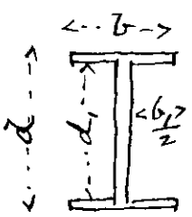
1/4 of full tank. ..... 14740 lbs
184 c.f. masonry @ 150 lbs = 27600 "
58.5 c.f. concrete @ 120 " = 7020 "
49360 "

Area of base = 58.5 s.f:
Pressure per sq: ft: = $\frac{49360}{58.5}$ = 844 lbs
= .38 tons

R. S. Beams:— It will be sufficient to calculate only the centre beam, as the outer beams carry only half the load of this one, and as they are of the same section, if the centre beam is strong enough it follows that the outer beams must be strong enough also. —

Total load of full tank including the weight of the R.S. Beams. 58962 lbs
Half load 29481 "
Centre beam carries $\frac{1}{2}$ this = 14740 "
= 6.6 tons

The load is evenly distributed and the girder is supported at both ends:—
Notation —



W = Total load in tons
L = clear span in feet
l = " " inches.
S = limiting stress ($7\frac{1}{2}$ tons.)
I = moment of inertia.
$b, d, b_1$ and $d_1$ are shown on the sketch.

Assume a R.S.B. 7"×4".

Formula:—

$$\frac{Wl}{8} = \frac{2SI}{d}$$

$$WL = \frac{2 \cdot S \cdot I}{d} \times \frac{8}{12} = \frac{4}{3} \times 7\tfrac{1}{2} \times \frac{I}{d}$$

$$= \frac{10I}{d}.$$

$$\text{Now } I = \frac{bd^3 - b_1 d_1^3}{12}$$

$$= \frac{1372 - 756}{12} = \frac{616}{12}$$

$$\frac{10I}{d} = \frac{10}{7} \times \frac{616}{12} = \frac{220}{3}$$

$$\text{Now } WL = \frac{220}{3}$$

$$\therefore W = \frac{220}{3} \times \frac{2}{15} = \frac{88}{9} = 9.8 \text{ tons.}$$

From above the girder is required to carry 6.6 tons, and therefore a 7"×4" R.S.B. will do.
The girders must be British made, which are guaranteed to bear an ultimate stress of from 28 to 32 tons per sq. inch.

| Total | Rs: | 6000/- |
| Add contigencies at 5 per cent | Rs: | 300/- |
| Grand total | Rs: | 6300/- |

See page 6.

Conclusion: This scheme, if carried out, will meet the requirements of the Settlement for some time to come. Later on, as funds permit, a service main can be laid into the Circle from which house connections can be taken off by those who desire them.

If the other people in the Colony want the water brought to within easier reach of their houses, it will be up to them to get a grant from the Mysore Government and lay service ~~reservoir~~ mains from the raised reservoir along the main road, northward and southward, together with the necessary tanks and pipes for filling carts.

Subject:- Water Supply to Whitefield Village Panchayet.

H.T.

The letter of the Secretary, A.I & D.E., Association of Mysore and Coorg, Whitefield, deals with the question of water supply to the Colony and incidentally with the question of the recognition by Government of the Whitefield Village Panchayet as the representative of the beneficiaries under the Lottery Trust ~~Fund~~ Fund.

2. The Secretary represents that of the two schemes of water supply prepared, viz., (1) the major scheme estimated to cost Rs.20,000/- and (2) the minor scheme estimated to cost Rs.6,300/-, the former, prepared by the Bureau of Sanitary Engineering, would be more beneficial to the Colony than the latter, as it is incapable of further expansion. The relative merits of the two schemes are detailed in the Appendix A to the Secretary's letter. It is pointed out that the major scheme was approved of by the Village Panchayet at its meeting held on 23-6-1932 at which the S.D.O. and the Amildar, Bangalore Taluk, and all the trustees of the Lottery Trust Fund were present, that though the minor scheme was definitely rejected by the Trustees themselves a year later and has not been formally accepted by the Panchayet, it has been put up by the present Chairman of the Panchayet, Mr. Gilbert, to the Trustees of the Lottery Trust Fund without the consent or knowledge of the settlers and through them to the Government for sanction and that this action on the part of the Trustees is strongly resented by the Executive Committee of the Association.

3 As the cost of the Water Supply Scheme is to be met by a contribution from the Lottery Trust Fund to

the

the Village Panchayet, it is contended that the Association have the prior right to decide on the merits of the rival schemes before submission to Government and that they cannot be expected to assent to any allotment from the Trust Fund unless the scheme to be adopted meets with their approval.

4 This claim of the Association is again based on their contention that they are the beneficiaries of the Lottery Trust Fund according to the ruling of the District Judge, C & M.Station, given in the year 1908 and that they have the controlling right to the expenditure of the Fund within the terms of the prospectus thereof. It is also urged that the Mysore Government order No.L.645-6/V.P.69-31-2 dated 26-7-32 approving of the resolution of the settlers of Whitefield to appoint the Village Panchayet as the representative of the beneficiaries under the said Fund should be withdrawn, as the resolution of the settlers on which the order is based is ultra viris and as the Association have no desire to delegate their right to the Panchayet in the matter.

5 The requests to be made by the deputation of the Association appear therefore to be following:-

(i) That the major scheme of Water Supply costing Rs.20,000/-, to be financed partly by Government and partly by the Lottery Trust Fund, should be sanctioned, in preference to the minor scheme costing Rs.6,300/-, to be financed wholly from the Trust Fund; and

(ii) that the permission granted in the G.O. of 26-7-32 to the Village Panchayet of Whitefield to act as the representative of the beneficiaries of the Trust Fund should be withdrawn.

6 Regarding the Water Supply Scheme, reference is invited to the Revenue Commissioner's letter No.C. 3027 dated 10-4-34 in which it is stated that two schemes, one costing Rs.18,000/- with an annual recurring expenditure of Rs.900/- and the other costing Rs.18,300/- with a recurring expenditure of Rs.1,100/- submitted by the Deputy Commissioner, Bangalore District, in August 1932 were returned to him as the Panchayet was unable to show ways and means for meeting the initial cost of the maintenance charges under either of the schemes. He has now forwarded a modified scheme costing Rs.6,300/-, received from Mr.A.T.H.White, Trustee of the Lottery Trust Fund, the Trustees having agreed to contribute the entire cost of the scheme if the Village Panchayet guaranteed to look after the plant and meet the working charges of Rs.60/- per month. The Village Panchayet having passed a resolution agreeing to undertake this, the Revenue Commissioner has recommended sanction to this scheme.

7. The Director of Health who was consulted on the proposal, has stated in his Note dated 5-5-34 that the modified scheme may be sanctioned. He has at the same time stated that the scheme will not admit of expansion of Water Supply by pipes to higher lying places, that it is a restricted scheme not forming part of the big scheme costing Rs.18,000/- and that it may serve the Colony for some years.

8 In case the major scheme is to be taken up, Government will have to give a grant of Rs.10,000/-, being ~~the~~ half the cost of the scheme, as recommended by the Deputy Commissioner in his letter ~~No.~~ dated 11-8-32 to the Revenue Commissioner. The latter is apparently not in favour of this.

9. Orders will have to be passed, after hearing the

the deputation, whether the modified scheme or the original scheme should be approved.

10 The Director of Health, the Revenue Commissioner and the Deputy Commissioner, Bangalore District, may perhaps be requested to be present when the deputation is heard.

11 As regards the request of the Association for a revision of the G.O. of 26-7-32 permitting the Village Panchayet to act as the representative of the beneficiaries of the Lottery Trust Fund, reference is invited to letter dated 29-2-32 from the Chairman of the Panchayet to the Deputy Commissioner, Bangalore District, stating that under the ruling of the District Judge, C & M Station the settlers of Whitefield are the beneficiaries of the said Fund, that the Trustees of the Fund were making allotments to the settlers from time to time within the terms of the prospectus of the Fund and that at a public meeting held, at which the Trustees of the Fund were present, it was resolved that when a Panchayet was established at Whitefield, they would deal only with the Panchayet on behalf of the beneficiaries. After the establishment of the Panchayet, the settlers passed a resolution appointing the Panchayet as the representative of the beneficiaries in all matters relating to the Trust Fund and the Panchayet also agreed to act accordingly. This was the basis of the G.O. of 29-7-32.

12 Neither the letter of the Secretary of the Association nor the references in this office, show what exactly is the relationship between the Board of Trustees of the Lottery Fund and the Association itself, in regard to expenditure out

PUBLIC WORKS DEPARTMENT,

CENTRAL OFFICE,

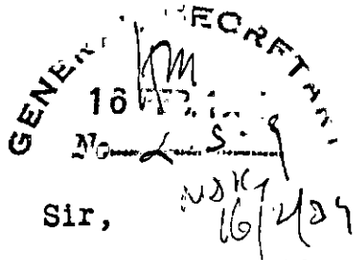
Dated Bangalore, 15-2-1934.

V@ 38-33-7

FROM Raja Sevasakta
M. G. RANGAIYA, ESQ., B.A., B.E., M.R.SAN.I., M.AM.A.E.,
*Chief Engineer of Mysore,*
*Bangalore.*

To

The Secretary to Government,
General Department,
Bangalore.



Sir,

Adverting to G.O.No.L.3574-86/V.P.38-33-2 dated 21st November 1934 in the matter of sparing the services of the experienced Sub-Overseers of the Department for execution of the Village Panchayet works, I have the honour to state that requisitions are being received from the Deputy Commissioners of Districts, for the immediate posting of subordinates in receipt of pay ranging from Rs.45 to 60. It is not quite possible to choose in all cases, sub-overseers on the stipulated pay whose record of work is quite satisfactory, as most of the Sub-Overseers who possess good experience or whose work has been very satisfactory are in receipt of higher salaries. Another difficulty is that it takes time to relieve subordinates in charge of works and for them to join the respectiv Panchayets. Besides, the travelling allowances of the subordinates so transferred will have to be borne by the concerned panchayets, thus entailing additional expenditure.

I therefore suggest that I may be given the discretion to post for panchayet work not merely subordinates already working in the Department but also such fresh recruits as have served elsewhere and gained practical experience of works. I find from the applications received

P.T.O.,

of the fund. If the Government order referred to is to be cancelled or revised, an enquiry will have to be made regarding the respective rights of the two bodies with reference to the connected documents and the full order of the C & M.Station District Judge, only an extract of which has been sent with the Secretary's letter. The matter seems after all to be one in which the differences are to be settled among themselves by the bodies concerned.

13

28/6

The Limited pte, which relates to the request of certain settlers of Whitefield for confirmation to them of the lands in the village site in their possession and for being freed from the control of the A.G.& D.E. Association, shows the somewhat strained relationship existing between some of the settlers and the Association. It is proposed, to resume the village site from the Association and confirm the building sites to the occupants thereof, and before doing so, the Dy.Com has been instructed to give an opportunity to the Association to urge any grounds against the proposal. It may be one of the duties of the proposed deputation to refer to the incipient position of the Association in relation to the settlers and strengthen it if possible -

AHC
28/6

Whitefield.
16th June 1934.

From
The Secretary,
A-I. & D.E. Association of
Mysore & Coorg, Whitefield.

To-
Sir Amin-ul-Mulk Mirza Mahomed Ismail, B. A.,
Kt., O. B. E., C. I. E.,

Dewan of Mysore.

Sir,

I have the honour, by direction of the Executive Committee of the Anglo-Indian & Domiciled European Association of Mysore & Coorg, Whitefield, to address you on the subject of the provision of a suitable water supply for the colony of Whitefield.

2. The Committee understands that the Trustees of the Lottery Trust Fund submitted about July 1933 for the consideration of Government two alternative water supply schemes (described in Appendix A), the major, costing nearly Rs.20,000, to be financed partly by the Government and partly by the Lottery Trust Fund, and the minor, costing Rs.6,300, to be financed, it is understood, wholly from the Trust Fund.

3. As the Government are aware, the Association is the holder of that portion of the Whitefield colony which is variously known as the "Circle", the "Village site" and the "Settlement", an area measuring about 30 acres, which was alienated by Government to the Association for building purposes for the use of the settlers, the assessment being remitted, vide Government Proceedings No. 210-1, dated the 28th. November 1884 and No. 1116-1, dated the 12th. November 1886. Of the four Settlements opened up then, only Whitefield now exists.

4. To enable the Association to assist intending settlers to set themselves up in the said areas and to cover other initial expenses in respect to roads, model cottages, school building, a church building, water supply, etc., the Association arranged a lottery which was sanctioned by the Resident in Mysore in his Proceedings No. 3267/1212, dated the 23rd.

March 1882. Accordingly, Rs.100,000 were collected. Of this s sum, Rs.50,000 were expended on prizes, Rs.4,000 went to cover expenses, Rs.24,000 were spent on the Settlements opened up and the balance of Rs.22,000 was, on the 15th. August 1888, invested in Government Securities in the names of the Trustees, and formed the corpus of the present Lottery Trust Fund, invested mostly in Government Securities which with accumulated interest at present stands, the Association believes, at a face value of about Rs.35,000.

5. I am now to explain the position of the Associatiation in regard to the Trust Fund. In Miscellaneous Petition No. 248 of 1908, the District Judge, C. & M. Station, Bangalore, ruled that the Anglo-Indian & Domiciled European Association of Mysore & Coorg, Bangalore, registered in 1893 under the Indian Companies Act in the C. & M. Station at Bangalore, was the successor to the Bangalore Branch of the Eurasian & Anglo-Indian Association of South India, Madras, as the Office Bearers and members of the latter continued to be Office Bearers and members of the xxxxxx former and the old Office Bearers were also signatories to the new Memorandum and Articles of Association and that, in fact, it was the old Association under a new name. Further, that the said Association is the beneficiary of the Lottery Trust Fund and not the settlers of Whitefield and also that the beneficial interest of the Association is limited to the purposes mentioned in the Prospectus of the LotteryFund, vide the Memorandum of Extracts (Appendix B). In 1925, the Association decided to concentrate all its activities on the Settlement of Whitefield and accordingly established an Office at Whitefield; and as Whitefield is within the jurisdiction of the Mysore State the Association, in its letter of the 7th. April 1925 to the Chief Secretary to Government, asked to be registered under the Mysore Companies Regulation, 1917, under the same name, as a Company limited by guarantee but without the word" Limited" under Section 26 thereof. After some preliminary correspondence

No. J.4461/33-34.

General ~~Development~~ *Department, Bangalore.*

DEVELOPMENT S... 5 MAY 1934

SIR,

Levy of optional tax by Koppa Village Panchayet in Anekal Taluk.

---

In forwarding herewith the records received with Bangalore Deputy Commissioner's letter No.J.2-(a) 4792/32-33 dated 27th April 1934 (copy enclosed) regarding the above, I have the honour to state that the Koppa Village Panchayet in Anekal Taluk propose to provide 5 electric lights in the Village for street lighting and that this proposal costs the Village Panchayet Rs.75/- per annum. The present annual income of the Village Panchayet is stated to be Rs.142/- per annum and is not considered adequate to meet the normal expenses o the Village Panchayet as well as the additional expenditure on electri lighting. The Village Panchayet has therefore resolved after observing the prescribed formalities, to levy, under Section 37 of the Village Panchayet Regulation an optional tax of annas four on every rupee of the compulsory tax now levied by the Village Panchayet to enhance its income to some extent. It is calculated that a sum of Rs.35-8-0 will be realised by this additional levy. In these circumstances, sanction of Government may be obtained to the levy of the optional tax as proposed by the Panchayet.

2. The records may be returned when done with.

I have the honour to be,
S i r,
Your most obedient servant,

14 MAY 1934 3964

Revenue Commissioner.

TYPING SECTION. 13 MAY 1934 GENERAL DEPTT.

Draft sanctg subd, for approval

with the Registrar of Joint Stock Companies in Mysore, the registration under Section 26 was sanctioned in the Chief Secretary' Order No. J. C. 7929-30 dated the 19th. May 1926, with which was also forwarded the necessary Licence. Shortly after, i.e., on the 15th. July 1926, the Association wound up its Office at Bangalore under the Indian Companies Act, 1913, and transferred its assets to its Office at Whitefield, where it has continued to this day as a corporate body under the Mysore Companies Regulation. On the date the Resolution to wind up the Bangalore Office was adopted, the Association had a corporate existence both under the Indian Companies Act, 1913 and under the Mysore Companies Regulation, 1917. In closing its Bangalore Office, the Association merely shed its corporate existence under the former Act and continued its corporate existence only under the latter Regulation. It is abundantly clear from the foregoing briefly stated sequence of events that the Association at Whitefield is the identical Association that was functioning at Bangalore up to the 15th. July 1926, and is therefore, under the Court's ruling cited above, the beneficiary of the Lottery Trust Fund. The Association at Whitefield is composed of every individual who owns property in the Circle or village site and those other settlers and residents of Whitefield who are in membership with it. In accordance with the Courts' ruling referred to above, the Association has the controlling right to the expenditure of the Lottery Trust Fund on the Settlement, within the terms of the Prospectus of the Fund. As one of the objects mentioned in the Prospectus is the provision of a water supply for the Settlement and as it is proposed to meet the cost thereof by a contribution from the Trust Fund, the Association claims the prior right to decide on the merits of the rival schemes before their submission to Government and cannot reasonably be expected to assent to any allotment from the Trust Fund unless the scheme to be installed meets with its full approval.

6. The Executive Committee has carefully considered the two schemes sketched briefly in Appendix A and unhesitatingly

accepts the major one as tending at last, after the lapse of over 50 years, to place the Settlement on a sound footing as an agricultural colony and also to attract intending settlers of a desirable class from all parts of India. Indeed, the Committee cannot conceive how anybody with a proper sense of responsibility for the advancement of the interests of the colony could put forward a scheme like the minor one which seeks to perpetuate the existing system of supply involving the revolting practice of carrying drinking water in dirty, dust-laden barrels, in the filling and emptying of which by means of tin cans, the water is continually polluted by the soiled hands of the cartman.

7. Finally, whereas the major scheme has the approval not only of the Mysore Government Engineers who prepared it, of the predecessors in office of the present Sub Division Officer, Bangalore Sub Division, and the Amildar, Bangalore Taluk, but also of the majority of the settlers of Whitefield, and it has further received the unanimous vote of the Panchayet given at a Panchayet Meeting held on the 23rd. of June 1932 at which the Sub Division Officer himself presided and which was attended by the Amildar, Bangalore Taluk and all the Trustees of the Lottery Trust Fund all of whom approved the scheme, the minor scheme has been definitely rejected by a majority of the settlers at a meeting convened by the Trustees themselves a year later and has not even been formally accepted by the Panchayet itself. As a matter of fact the minor scheme is the child of the present Chairman of the Panchayet who prepared it within 12 days of the passing of the unanimous Panchayet Resolution just referred to at which he himself voted as a Panchayetdar, and submitted it to the Trustees of the Lottery Trust Fund, doing all this without the consent or even the knowledge of the settlers. These facts are known to the Trustees and their action in submitting the minor scheme to Government is therefore not only open to serious objection but is strongly resented by the Executive Committee.

8. The Committee also understands that at a Meeting of the settlers and residents of Whitefield held about two years ago a

Resolution was passed appointing the Panchāyet as the representative of the beneficiaries under the Lottery Trust Fund, and that the Government of Mysore have agreed to the Panchayet accepting this position. I am, however, to point out that in view of the Court's ruling that the Association is the beneficiary within the terms of the Prospectus of the Trust Fund, the settlers' and residents' Resolution is entirely ultra vires, and as the Resolution was passed without prior reference to the Association and, moreover, as the Association has no desire whatever to delegate its rights to the Panchayet in this matter, I am to ask that the Government may be pleased to withdraw its permission.

I have the honour to be,

Sir,

Your most obedient servant,

J. M. Ironman

Secretary.

## BRIEF DESCRIPTION AND COMPARISON OF THE TWO SCHEMES FOR SUPPLYING WATER TO THE COLONY OF WHITEFIELD.

.....

MAJOR SCHEME. — Prepared by the Bureau of Sanitary Engineering, Rockfeller Foundation, Bangalore. Provides for the pumping of water from the second of the two tube wells sunk in the Colony, through a rising main passing close to the first tube well, into a reservoir on the top of the hillock near the R. C. Church, the laying of a pipe-line from the reservoir to the main road and along this road to points North and South of the Circle or village site of Whitefield from which a large number of houses on this road, including many in the Circle can at once take private connections, and provision is also made for stand pipes at intervals on the main road for the use of the public and from which owners or occupiers of houses far removed from the road can, pending the extention of the distribution pipe-line, obtain water by means of carts or cans This scheme has the recommendation of the Executive Engineer, Bureau of Sanitary Engineering, Rockfeller Foundation, Bangalore, the Sub Division Officer, Bangalore Sub Division, the Amildar, Bangalore Taluk, the approval of the Trustees of the Lottery Trust Fund and the majority of the settlers and residents of Whitefield, and was unanimously adopted at a Meeting of the Whitefield Village Panchayet at which the Sub-Division Officer, Bangalore Sub Division, presided.

THE MINOR SCHEME. — Prepared secretly by Mr. E. O. Gilbert who 12 days before, as a member of the Panchayet, voted for the adoption of the Major scheme. Provides for the pumping of the water also from the second tube well through a rising main to a reservoir near the cattle pound close to the Circle and main road and only 10 feet above the ground level there* thus reducing the flow of water to a mere trickle in the case of some of the houses even in the Southern or lower lying portion of the Colony and rendering it impossible for the water to reach any house by gravitation in the Northern portion.

The Major scheme provides for more than a mile of distribution pipe-lines being laid down immediately which will at once bring the water to within a ~~hundred yards~~ few hundred yards of about 75% of the houses in the Colony and within a few hundred feet of most of these houses, thus enabling the majority of houses in the Colony to have private connections with the main the moment the scheme is installed; and, as observed by the Sub-Division Officer at the Panchayet Meeting referred to above, having the elements for easy further development later on.

The Minor scheme makes no immediate provision whatever for distribution pipe-lines but contemplates the early laying of such a line in the Circle only (where Mr. Gilbert owns a house) with which houses in the Circle only can be privately connected, and further provides that "later on" if the people in the Colony want the water brought within easier reach of their houses "it will be up to them" to get a grant "from the Mysore Government" and lay service pipes "along the main road" together with the necessary tanks and pipes "for filling carts". In other words, houses outside the Circle can never hope, under this scheme, to obtain water by means of private connections .

---

* A reservoir 20$ above the ground level at this site was considered too low by the Government Engineers in connection with a previous water supply scheme.

# APPENDIX B.

## MEMORANDUM.

EXTRACTS FROM THE JUDGMENTS OF THE DISTRICT JUDGE? C. & M. STATION, BANGALORE, PASSED ON THE 10TH. AUGUST 1907 AND THE 26TH. SEPTEMBER 1908 IN MISCELLANEOUS PETITION No. 248 OF 1908 REGARDING THE LOTTERY TRUST FUND.

.....

The District Judge ruled inter alia on the 10th. August 1907 that

"the Association is the beneficiary and not the settlers " of Whitefield. The Association is therefore entitled un- " der the Indian Trusts Act to ask the Court to appoint new " Trustees in respect of the money."

Again, the District Judge ruled on the 28th. September 1908 inter alia as follows:—

"The third issue is whether the petitioner Association" (i.e., the A-I. & D.E. Association of Mysore & Coorg, Bangalor " is identical with the Eurasian & Anglo-Indian Association " of South India, Mysore Branch, Bangalore, as alleged in the " petition and if so, what is the nature and extent of its " interest in the Trust Fund, * * * * * * * * . The registra- " tion (of the former) took place on the 7th. December 1893. " The subscribers (ten in number) to the Memorandum of Asso- " ciation were all members of the old Association and the " other members of the old Association continued to be mem- " bers of the new Association. In fact it was the old Asso- " ciation under a new name, * * * * * * * * . I therefore find " on the third issue that the two Associations are identical.

Further, that "the finding of the 10th. August 1907 that the " Association is the beneficiary must be understood in a quali " fied sense. The Trust Fund is not at its absolute disposal. " It was set apart for certain objects specified in the Pros- " pectus and intended for the benefit of the members of the " Association. In that way the Association is the object of " the Trust but the Fund must be applied for the purposes men- " tioned (in the Prospectus). The beneficial interest of the " Association is limited to those purposes."

No. D.O. C.3027/33-34.

131

Dear Mr. Venkatanaranappa,

With reference to the representation made by the Members of the A.I. and D.E. Association of Mysore and Coorg, Whitefield, I send herewith the papers relating to the extension of the term of the Whitefield Village Panchayet till the end of June 1935. The term was extended by a period of twelve months by Mr. K.V. Anantaraman the then Deputy Commissioner of Bangalore District, who however recorded no reasons for doing so as required by Section 12 of the Village Panchayet Regulation. Would you kindly consult the Law Department and find out whether the present Deputy Commissioner may modify the order and restrict the period of extension to a period of say 3 months. If this is not considered feasible suitable orders of Government may be obtained in the matter.

Yours sincerely,

N. Madhava Rao

To

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of
H.H. the Maharaja of Mysore,

D.O. No. L 454

Dear Sir,

With reference to your letter No.C.3027/33-34 dated 7th July 1934, regarding the extension of the term of the White Field Village Panchayet, I am desired to state that Section 12 of the Village Panchayet Regulation enables the Deputy Commissioner to extend the term of the Village Panchayet by means of an order which has to be published in the Gazette, together with the reasons for such extension. The language of the section is absolute, explicit and peremptory and the conditions prescribed are apparently for public benefit and intended to ensure a proper exercise of the discretion vested in the Deputy Commissioner. Government consider that such conditions cannot be dispensed with, and that the order passed by the Deputy Commissioner, Bangalore in this case is therefore void and of no effect. The present Deputy Commissioner can declare it so and pass any suitable order he deems fit in the matter of extending the term of the Village Panchayet.

Yours sincerely,

MW.

N. Madhava Rao, Esq., B.A.,B.L.,
Revenue Commissioner in Mysore,

DEPUTY COMMISSIONER'S OFFICE,
BANGALORE

D. O. C2a.318/34-35.

Dated 15th August 1934

Dear Sir,

With reference to your D.O. letter No.L. 454 dated 23rd July 1934 to the Revenue Commissioner in Mysore declaring that the order passed by my predecessor in extending the term of the White Field Village Panchayet is void and of no effect and directing me to pass any suitable order I deem fit in the matter, I enclose herein a copy of this office Notification No. C2a.318/34-35 dated 31-7-1934 for kind information. Necessary action is being taken for reconstituting the Panchayet.

Yours sincerely,

M Chennaraj Urs

GEN. & REV. S.

I.S.O. BRA.

M VENKATANARANAPPA,ESQ.,B.A.,
Development Secretary to the Government
of Mysore, Bangalore.

Letter No.C.2-(a) 4792/32-33 dated 26/27th April 1934, from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

---

In forwarding herewith the correspondence ending with the Doddaballapur Sub Division Officer's No.A.3-1482/32-33 dated 13th March 1934, regarding the levy of optional tax by Koppa village Panchayet in Anekal Taluk for meeting the expenditure on account of the electrification of their village, I have the honour to state that the proposal for the electrification of the said village is under consideration. As the Village Panchayet has to shoulder additional responsibility on account of the recurring expenditure involved by the said Scheme, the Panchayet has proposed to impose a lighting tax at Rs.0-4-0 per rupee of the present demand. From the resolution dated 1st February 1933 it is seen that there were no objections received within a period of one month after notifying the proposal to impose the said taxes and the necessary formalities as per rules have been observed. As the resources of the Panchayet require improvement for meeting the extra expenditure, I request you to be so good as to obtain sanction of Government for the imposition of the lighting tax at an early date.
